Spec'd to your duty

Plate materials

316L Stainless · Titanium · 254 SMO · Hastelloy

Matched to OEM corrugation patterns and port locations.

Gasket compounds

EPDM · NBR · Viton (FKM) · HNBR · Sanitary EPDM

Clip-on or glued. Engineered for extreme temperatures and pressures.

SERVICES

Parts, service & custom units

Replacement Parts

Plates, gaskets, plate packs — in stock or built to order.

On-site Service

Open, pressure wash, re-gasket, close, test. Anywhere in the USA.

Refurbishment

Ship the unit in. We chemical-bath, inspect, re-gasket, pressure-test, ship back.

Custom Units

Our own plate-and-frame line, engineered to your duty in Florida.

Don't see your OEM? Send us the tag.

If we can read the nameplate, we can almost certainly source the parts.
