

REPLACEMENT PARTS · ON-SITE SERVICE · CUSTOM UNITS

24-HOUR RESPONSE

Replacement heat exchanger gaskets & plates — for every major OEM.

Fits any model

21 OEM lines covered. Bring us your tag — we have the part.

24-hour response

Real people on the phone. Emergency-capable nationwide.

Built in-house

Custom units engineered and manufactured at our Florida facility.

OEM-equivalent

Same satisfaction and guarantee — at lower cost and shorter lead time.

WHAT WE SUPPLY

Parts, packs, units & service

Replacement Plates

316L, Titanium, 254 SMO. Matched to OEM corrugation patterns and port locations.

Replacement Gaskets

EPDM, NBR, Viton (FKM), HNBR — clip-on or glued. Built for extreme temps and pressures.

Plate Packs

Drop-in replacement packs ready to install. Pull the old, pop in the new.

Custom-Engineered Units

Our own line of plate-and-frame units, built to your duty in our Florida facility.

Cleaning & Refurbishment

On-site or in-house. Pressure wash, chemical bath, re-gasket, pressure-test.

Emergency Response

Outage windows, ship-departure deadlines — call the 24-hour line and we move.

OEM LINES COVERED

21 OEM lines, thousands of models

Alfa Laval	API Sigma	APV / SPX	Bell-Gossett
Danfoss	Funke	GEA	Hisaka
ITT	Mueller	Polaris	Reheat
Schmidt	Sondex	SWEP	Tetra Pak
Thermaline	Thermowave	Tranter	Vicarb
ViEX	+ more	Don't see yours? Ask us.	

HOW A JOB RUNS

Send the tag. We do the rest.

- 1**
Send the tag
OEM, model, plate count. A photo of the nameplate works.
- 2**
Quote in 24 hr
Pricing, lead time, and material options spec'd to your duty.
- 3**
Build & ship
In stock: 1–3 days. Custom plate packs: 2–6 weeks.
- 4**
Install & test
Drop-in, or we come on-site. Pressure-tested, sealed, signed off.

Ready when you are.

Have an outage coming? Get a quote today — we respond within 24 hours.
